Eqwal Strengthens Its Presence in the United States with the Integration of Prosthetic & Orthotic Group (POG)

Acquisition of Prosthetic & Orthotic Group (POG).

Eqwal continues to grow its presence in the United States with the integration of **Prosthetic & Orthotic Group (POG)**, a company specializing in orthotics, prosthetics, and pediatric services.

Founded by **Glenn Matsushima**, POG is based in Central and Southern California and operates nine locations across the region and in Colorado. The company employs 34 team members, including 13 clinicians.

This acquisition marks a significant step in developing Eqwal's footprint in California, a key region in the Group's long-term strategy.

"I am very proud to strengthen Eqwal's presence in the United States. California is a key region for our growth and for the patients we serve, and this expansion marks an important milestone in our long-term commitment to this strategic market."

Jean-Pierre Mahé, Président d'Eqwal
