## **Pleger Rehatechnik becomes part of Eqwal Group**

Pleger Rehatechnik, based in Bischofszell and Bendern (Lichtenstein), has decided to join the Eqwal Group. Pleger Rehtechnik is dedicated to the high-quality care for adults and children with physical disabilities in the field of rehabilitation technology and orthopedics. With Pleger Rehatechnik, Eqwal is acquiring a strong foothold and is willing to further develop its development in terms of presence, products and service in the eastern part of Switzerland.

*"The Eqwal Group, with its customer-centric orientation, is the ideal partner to expand and improve our competencies, product range and processes. The whole Pleger Rehatechnik team is happy to become a part of a larger, ambitious family. We share the same ideas in terms of quality, customization and meeting complex customer needs."*
